

FRENCH TECH DAYS PARIS 21ST-24TH MAY

3 DAYS OF IMMERSION IN THE FRENCH STARTUP ECOSYSTEM

BUSINESS OPPORTUNITIES, FINANCING AND PARTNERSHIPS

Since a few years, the French innovation scene is booming!

- Paris was elected European Innovation Capital 2017 @ WebSummit
- Xavier Niel, founder of Free Telecom, launched Station F, the world's biggest startup campus, with more than 3000 work places & 26 international startup programs
- In 2017, for the first time ever, France leads in Europe with €2.7 billion funds raised, vs. €2.3 billion in UK
- VivaTechnology is the leading European innovation forum, with 68 000 attendees, 6 000 startups and 1 400 investors....

From May the 21st to 24th 2018, the French Chamber of Commerce & Business France, with the support of Openers & Lupo Design, organise French Tech Days in Paris with special focus on fintechns and mobility/smart cities. French & Swedish startups, VCs & corporate companies will meet each other, discuss business opportunities, financing, partnerships, and Swedish startups will pitch in front of a jury composed of investors and potential clients. The winning startup will get its participation reimbursed.

We will also visit Parisian fintech & smart city hubs, the connection platform between corporates & startups and learn more about why France is taking the lead in specific mobility/smart city fields.

A start-up or an innovative company (corporate or VC) in mobility/Smart cities and want to expand on one of the most dynamic European countries.

To meet partners, clients and investors and discover the French innovation ecosystem.

OUTSTANDING ENTREPRE-NEURIAL ECOSYSTEM AND CAPACITY FOR INNOVATION

INSPIRATION: ROUNDTABLE, KEYNOTE, VISITS & BUSINESS MEETINGS HOSTED BY:

Cisco accelerates the digital transformation of the territories, offering the solutions enabling to create tomorrow's cities. Initially specialized in network hardware & servers, Cisco deploys an ecosystem of partners in order to provide global solutions for the well-being of the citizens, by working with innovative startups with new services.

Schneider Electric, world leading specialist in management of energy & automation, is a integrated layer of Smart City projects as its technologies transform the living spaces. By deploying connected solutions in more than 100 countries, the interactions with the startups are getting more and more important, by integrating their offers in Schneider Electric's catalogue.

Faurecia is a key player of mobility by being present with its equipments in 1 of 4 cars on the planet. World leader in its fields (interior space, seats, clean mobility), Faurecia brings innovative solutions to cars' challenges, among others through Open Innovation.

THURSDAY,
MAY 24TH

Learning expedition at Viva Technology

A customized visit will be organized by Viva Technology (conferences, pitches, business meetings,...)

Viva Technology is the world's rendez-vous for game changers. 25 corporate labs, 6,000 startups, 1,400 investors & 68,000 participants make it "the place to be" in the end of May in order to exchange during 3 days with decision makers, meet startups in your business areas & accelerate your business.
