Kinnarps France Award 2025 - Prize of Excellency for Strategic Resilience

The Swedish Chamber of Commerce in France is awarding Kinnarps France for its remarkable strategic resilience. Its impressive commercial results in France demonstrate its ability to adapt its products and offer innovative design solutions that meet the evolving needs of contemporary work environments. Its commitment to anticipating and shaping the workplaces of the future sets a true benchmark of excellence on the highly competitive French market.

The Jury particularly highlighted the company's focus on flexible, ergonomic, and sustainable office solutions that promote employee well-being while supporting economic performance. Kinnarps France's strong position — today the group's leading export market outside Scandinavia, representing 23.5% of total revenue, and having doubled its presence in France since 2020 — fully illustrates the scale of its achievements.

The Swedish Chamber of Commerce in France's award "le Prix d'Excellence", is remitted during the "Soirée Franco-Suédoise" by Her Excellency, the Ambassador of Sweden to France, on December 1st 2025 at the Pavillon Vendôme, former "Banque de Suède et de Paris".

Founded in Sweden in 1942, Kinnarps is a European leader in workplace design, renowned for its innovative and sustainable solutions. Kinnarps France, a strategic subsidiary of the group, has established itself as a key player in the French market thanks to its expertise in ergonomic design and its commitment to quality and flexibility. This human-centred, performance-driven approach makes Kinnarps a trusted partner for companies seeking inspiring and responsible workspaces.
